Attention: Mr. Martin Haefele

**Re: TOR and Work Plan for Northrock's B-44 Summit Creek B-44 Exploration Well**

Dear Mr. Haefele:

Thank-you for providing RWED – NW with the opportunity to participate in this Environmental Assessment. Our comments are as follows:

RWED - NW will assist as required and requested by the MVEIRB on the key issues utilizing our regional expertise, resources and GIS database. Examples may include providing annual fur harvest data by trappers, and mapping of wildlife movements / forest impacts with time in the proposed area.

We are aware of the concerns of both the Tulita District Beneficiaries and the Operator, and will be happy to allocate our resources wherever we can to expedite the EA process. Please don't hesitate to advise me when you require our assistance. I can be reached at (867) 587-3500 or via email at [celina\\_stroeder@gov.nt.ca](mailto:celina_stroeder@gov.nt.ca).

Yours truly,

*Celina Stroeder*
