Ref 47

Laurie,

I have reviewed your letter. Thank you for your comment re: advanced exploration. You are correct. This error in the draft has been noted and will be amended in the final draft of the Terms of Reference and Workplan. I will distribute your correspondence and my response to all parties on the distribution list to ensure they are aware of this error as well.

Please confirm my understanding of the changes you are requesting. You would like:

- The opportunity to refine and re-submit material already provided as items A-K of the Developers Assessment Report;
- Complete the cumulative effects assessment independently; and
- Have a Public Hearing by the 3rd week of July.

If there are further details of your request or you have additional comments on the Terms of Reference and Workplan, please submit them by June 30, 2003. Any changes to the schedule will be considered only after comments have been received from all persons or organizations listed on the distribution list.

Regards,
Sherry

Did you get my letter sent yesterday. I have not had any acknowledgement and if I am going to proceed independently I want to get started right now - we wasted enough time.

Please let me know so if you haven't I will resend immediately

Thank you

Laurie Stephenson
