Dear Sirs,

Re: Participation in Public Hearings

Hearings will be held soon for your respective environmental assessments. Please note the following, to enable your full participation.

As per the Review Board's *Rules of Procedure*, you may appear in the hearing on your own behalf. This is encouraged. If you wish to be represented by someone else, you are required to notify Vern Christensen, Executive Director, no later than ten days before the hearing. This should be done in writing.

Many issues are typically resolved between parties during hearings. For this to occur, it is very important that your representative is able to make decisions and commitments on behalf of your company. Otherwise, it may be necessary to extend the schedule of the environmental assessments to allow for follow up to questions raised during the hearing. This extension is better avoided by ensuring that your representative is an authorized decision maker who can speak for the company.

If you choose to be represented by an agent who is not a senior member of your company, please submit a written authorization confirming that the agent is able to make commitments on your behalf.

Regards,
