Dear Parties,

Re: Paramount Cameron Hills Extension EA - Second Round of Information Requests

The MVEIRB is now providing directly affected parties and interveners with the opportunity to identify any Information Requests they deem necessary to perform an analysis of the Developer's Assessment Report or necessary for the MVEIRB to come to an appropriate decision.

Information Requests may be directed at the developer or at any other party to the assessment. All request have to be submitted to and approved by the MVEIRB. Please submit your Information Requests at your earliest convenience but no later than December 5, 2003.

The MVEIRB's standard format for Information Requests with some explanations is attached. If possible, please use this format. Should you have any questions regarding the Information Request process, do not hesitate to contact me at any time.

The following organizations are a party to this EA:

- Deh Cho First Nation
- K'atlodeeche First Nation
- West Point First Nation
- Fort Providence Metis Local 57
- Deh Gah Got'ie First Nation and Fort Providence Resource Management Board
- Ka'a'Gee Tu First Nation
- NWT Metis Nation
- Department of Fisheries and Oceans
- Government of the NWT
- Environment Canada
- Department of Indian Affairs and Northern Development

Sincerely

A handwritten signature in blue ink, appearing to read "Martin Haefele".

Martin Haefele
Environmental Assessment Officer

Standard Format for MVEIRB Information Requests

Note: The purpose of Information Requests is to provide the MVEIRB with the information it needs to decide whether the proposed development is likely to have a significant adverse environmental effect. They are a tool for the Board to obtain additional information, clarification on issues, and to answer questions that arise during the proceedings of an Environmental Assessment.

Information requests can originate from and be directed at all parties to the assessment. A party that acts as an advisor to the Board, e.g., can request information that is necessary for that party's technical analysis of the Developer's Assessment Report. **All Information Requests have to be approved by the Board.**

- IR Number:** *Number is assigned by MVEIRB*
- Source:** *Organization from which the request originates (your organization)*
- To:** *Who the request is directed at (i.e. organization(s) expected to answer or provide information), e.g. the developer or a government department.*
- DAR Section:** *The section(s) of the Developer's Assessment Report the Information Request refers to. If referring to specific statements, quote the DAR statements.*
- Terms of Reference Section:** *The section(s) of the Terms of Reference for the EA that the Information Request refers to. If appropriate quote the relevant section.*

Note: The MVEIRB will generally not accept any Information Requests outside the scope of the Assessment. Information Requests should refer to specific terms of reference.

Preamble

Provide background information and a rationale for your request. The preamble should identify any shortcomings of the DAR and how the requested information will be relevant. For example: "The DAR describes various mitigation measures to minimize impacts on wildlife, but does not specify which measure is aimed at which species. To determine the effectiveness of proposed mitigation measures the species they are aimed at should be known".

Request

The question the organization the request is directed to is to answer. For example: "Please identify which mitigation measures are aimed at minimizing impacts on moose". A question may consist of several parts.
