Subject: Re: Standing of Parties

Hi Sherry,

CPAWS-NWT would like to be considered as an observer in the following EAs:

- Consolidated Goldwin Ventures
- North American General Resources Corp.
- New Shoshoni Ventures
- Snowfield

We are primarily interested to see how the cumulative effects component is effectively dealt with during the hearing. If you have any questions, please do not hesitate to contact me at 873-9893 or cpawsnwt_cc@theedge.ca

Thank you,

-Jennifer

Subject: Standing of Parties

Jennifer,

The Review Board has approved the standing of parties for the following EAs:

- Consolidated Goldwin Ventures
- North American General Resources Corp.
- New Shoshoni Ventures

Since CPAWS asked to be removed from these lists, you may not have been aware of this. The public hearing for these EAs is scheduled for Sept. 17-18. If you intend to participate in these proceedings, you will need to apply for standing as a party to these EAs. Would you like to review the files before making this decision? I can send an application form once you have decided. You should be aware that the Review Board is next meeting Aug. 5-7. If you want standing, I will need your application by the end of next week.

Thanks.

Sherry
