Subject: Information Requests (EA-03-006)

To all parties,

The Review Board has recently expanded the scope of this Environmental Assessment to include bulk sampling in response to the Snowfield Development Corporation's request. For this reason, the deadline for the submission of Information Request has been extended to 5:00 p.m., November 18, 2003. This extension will allow parties to review the responses to the first round of Information Requests before finalizing their proposed Information Requests. Anything received after this date may not be considered for release by the Review Board in Round 2 of the Information Request phase. Again, the deadline for submitting proposed Information Requests is 5:00 p.m., November 18, 2003. Should you have any questions about this change, please feel free to call me.

The Review Board has finalized deadlines for the remainder of the Snowfield Environmental Assessment. This information will be forthcoming shortly.
