Hi Sherry

Please find attached the response to the IR requesting population trends. This is provided in an excel sheet format that will permit development of graphs should this be useful.

Dear Ms Sian

Government of the Northwest Territories
I.R. #: 1.1.18 Population Trends

In response to IR # 1.1.18 requesting the NWT Bureau of Statistics to provide information on population trends for Yellowknife, Detah, Ndilo, Fort Resolution and Lutsel K'e between 1970 and 2000, I have attached a spreadsheet file with census population counts for the period 1961-2001. Our census data is based on Statistic Canada's census which occurs at 5 year intervals.

Please note that only Yellowknife, Lutselk'e, Fort Resolution and Detah are listed as N'dilo population information is included in Yellowknife. Census population counts for Detah are only available from 1976 forward. The 2001 census counts for Detah, Fort Resolution and Lutselk'e were revised by Statistics Canada; the table shows the revised population counts. Yellowknife was not revised by Statistics Canada.

These information were provided by Angelo Cocco, Economic Statistician, NWT Bureau of Statistics.

Sincerely

Gavin More
