Martin:

The prints in the DAR are for general distribution, the electronic version, which is included in the pdf document is to be kept confidential with MVEIRB.

Regards,
Alan

Alan:

We received the box with DAR's. Page 19 of the DAR mentions aerial photographs that were submitted in electronic format that you would like us to keep confidential. I am not aware that we have received anything beyond the PDF file of the DAR and the cover letter. I am assuming that the prints contained in the DAR are not what you want to keep confidential. Unless I hear differently I will distribute the DAR first thing next week.

regards
Martin
