Hello again Laura,

The letter I sent out yesterday should be considered a notice of the Review Board's confirmation that the DAR is in conformity with the issued Terms of Reference. The Review Board does has some information requests planned, however it was decided to issue them alongside the parties' requests. This is however not to say that another round of information requestion would not be considered if needed.

Hope this clarifies things. Feel free to call if you need.

Assessment Report Conformity and Information Requests Opportunity

Hi Patrick, prior to this general round of IR's, did the MVEIRB issue a written report on the Conformity Check, and were any IR's issued to CZN by the MVEIRB?

Laura Pitkanen
