EA0405-002 Distribution List

Dear Parties:

Re: EA0405-002 Canadian Zinc Phase III Drilling – Site Visit Announcement

On July 20, 2005 the Mackenzie Valley Environmental Impact Review Board will conduct a site visit to the project area for Canadian Zinc's proposed phase III drilling program in the Prairie Creek area. The site visit is intended for Board members to familiarize themselves with the surroundings of the proposed drilling program. Unfortunately the Review Board is unable to extend an invitation to any parties to the environmental assessment to attend the site visit. The Review Board will document the site visit and distribute the documentation to all parties.

If you have any questions, please do not hesitate to call me at 766-7053 or e-mail mhaefe@mveirb.nt.ca.
