Dear Mr. Braden:

Re: Cancellation of Environmental Assessment EA0506-002 Wyn Developments

We have received your letter withdrawing your Land Use Permit application MV2005C0002 with the Mackenzie Valley Land and Water Board. The Environmental Assessment of your proposed development has therefore been cancelled.

For your information I have attached the work plan for a current environmental assessment of a similar exploration program. It might give you an idea of what to expect should any of your proposed exploration programs be referred to environmental assessment in the future. Please be advised that the Mackenzie Valley Environmental Impact Review Board will determine the scope of the assessment for each development individually and set its work plan accordingly. An assessment of a future development will not necessarily follow the same approach.

If you have any questions regarding the environmental assessment process in the Mackenzie Valley, please contact me at 766-7053 or mhaefe@mvairb.nt.ca.

Sincerely

A handwritten signature in black ink, appearing to read "Martin Haefe".

Martin Haefe
Environmental Assessment Officer
