Subject: RE: Presenting at the CGV/Encore Hearing
Attachments: Lte MVEIRB Public hear 2011.doc

What could we possibly present that hasn't been presented before and goes to our position that this meeting is totally pointless – it does not fill the request by the minister.

Go ahead and play with it – you don't have the mandate or the jurisdiction to re-open it.

All the minister asked was that the wording be changed as I outlined in my 2011 letter – which I think I erroneously submitted the other day (wrong File). Here is the correct letter. My apologies. Please remove the 2006 letter or note that it was erroneously submitted by the developer's consultant.

Thank – you

Laurence Stephenson

Mr. Stephenson,

If you do decide to attend, the opportunity to present will be made available to you. In that case, we would need a copy of your presentation by noon on September 8th. Other parties are required to have their presentations submitted by Monday the 6th. This would give you a chance to consider the other parties' presentations before submitting yours.

You are not required to present if you do not wish to.

Regards,

Alan Ehrlich

Subject: RE: More on the MVEIRB efforts in the Drybones Bay permitting - 7 years and growing....

I don't think so but we might have someone thereto observe – I will talk to the companies later.

Good Morning Mr. Stephenson,

Thank you for your submission. It is now posted on the public registry.

Are you (or any other representatives of the developer) planning to attend the hearing on September 12th and 13th?

Regards,

Alan Ehrlich
