

**CVs of Proponent Representatives for
Consolidated Gold Win Ventures Inc. and
Sidon International Resources Corp.**

Mr. Souhail (Abby) Farrage

Mr. Farrage has been President of Consolidated Gold Win Ventures Inc. for 7 years and holds a degree in Business Administration and Marketing. He has been a successful franchiser in North America and is currently developing a hundred-room hotel in the Middle East. As President, he is responsible for ongoing development and management of Consolidated Gold Win Ventures' activities and acquisitions. During his involvement with the company it has been involved in several exploration projects throughout British Columbia, the Yukon Territory, the Northwest Territory, Nevada and the Ungava Region of Quebec.

In 2006, Mr. Farrage raised over \$1.5 million for Consolidated Gold Win Ventures which was used to continue the development drilling on the Snowfield Development property in the Drybones Bay area of the NWT.

Mr. Farrage is also a Director of Sidon International Resources Inc.

Mr. Laurence Stephenson

Laurence Stephenson graduated from Oakwood Collegiate Institute in 1967 with his senior matriculation and worked in the summers of 1967 and 1968 for Watts Griffis & McQuat Ltd. In the summer of 1969, Mr. Stephenson worked for J.K. Boothe & Associates. In 1975, he graduated from Carleton University in Ottawa, Ontario with a Bachelor of Science degree in geology. From 1975 to 1985, Mr. Stephenson was District Geologist for Duval International Corporation of Toronto, Ontario where his duties the planning, organizing and budgeting for exploration programs throughout Eastern Canada and the United States. In addition, he was responsible for hiring and evaluating both geological and office staff and supervised up to 12 part and full time workers at any given time. He was responsible for the preparation of managerial and assessment reports for the Toronto head office and being the individual who liasoned between the head office and the district offices. He assisted in the formation of local governmental lobby groups in the Province of Newfoundland and Labrador. In 1985, Mr. Stephenson graduated from York University in Toronto with a Masters of Business Administration. In May 1985, he became a director of Spirit Lake Explorations Ltd., a company listed on the Montreal Stock Exchange and remained as a director until 1990. In July 1985, he incorporated GeoFin Inc., a private consulting company providing the investment community with geological and financial business advise, and became its president which title he still holds today. In October 1987, Mr. Stephenson became a director of Glencairn Explorations Ltd., a company listed on the Calgary Stock Exchange where he was instrumental in organizing the company's venture into a South American diamond project and participating in financing and geological advise with respect to ongoing ventures for the company including the start up of gold producer Wheaton River Explorations Inc., an independent subsidiary of Glencairn

Explorations Ltd. He remained a director of this company until 2002. In April 1988, he became a director of Strike Minerals Inc., a company trading over the counter in Toronto where he remained as director until April 1993. In June 1988 he was appointed a director of Barkhor Resources Inc, a company listed on the Vancouver Stock Exchange and remained as such until June 1990. From 1988 to 1991, as president, he was responsible for the organization and coordinated the establishment of Kokanee Explorations Ltd., a junior exploration company publicly traded on the Vancouver Stock Exchange. His responsibilities were to negotiate with numerous exploration companies, prospectors and governmental departments to secure prospects and permits to enable the company to conduct its exploration programs. In addition, to hiring and evaluating geological staff, preparing engineering and assessment reports, investor reports and business plans, he was responsible for ensuring the company conformed to Securities and Mining regulations and in ensuring Kokanee Explorations Ltd. was listed on the senior board of the Vancouver Stock Exchange. From 1991 to 1994, Mr. Stephenson was appointed a director of Golden Hemlock Exploration Ltd., a company listed on the Vancouver Stock Exchange where his duties were to conduct negotiations with numerous exploration companies with respect to joint ventures situations and financing. In addition, he was responsible for reviewing and advising the company on its exploration programs, responsible for compliance with the Securities and Mining regulation and overseeing all engineering and investors reports. In April 1994, he was appointed Vice-President of Exploration, Corporate Secretary and founding Director of Golden Chief Resources Ltd., a company listed on the Vancouver Stock Exchange, where he was responsible for organizing and coordinating the reverse take over of Copeland Technologies. In addition, he was responsible for coordinating the regulatory work to secure prospects and permits to enable the company to conduct its exploration programs, designing and implementation of geological exploration programs, overseeing the preparation of all geological and assessment reports and taking an active interest in investors relations through assisting in the raising of funds and communication with investors on a regular basis. Since his departure from Golden Chief Resources Ltd. in 1999, Mr. Stephenson has been involved in the re-organization of Sutcliffe Resources Inc., a company listed on the Toronto Stock Exchange in Canada in June of 2005. In 2004, Mr. Stephenson as President of Douglas Lake Minerals Inc. led the company to a OTC Bulletin Board Listing in the United States and subsequently that company's involvement in mineral exploration in Tanzania. In addition, to working with Sutcliffe Resources Inc. he has maintained his involvement with GeoFin Inc. where he offers consulting services to the exploration industry and assists in both financial planning for exploration companies and developing them to their full potential. Especially through a private company, Kokanee Placer Ltd., he directs the exploration efforts of Consolidated Goldwin Ventures and Sidon International Resources Corp. for all of North America, including their current on
