Subject: Revised deadline for Miramar s157.1 reply

Hello All,

As you are aware from previous correspondence, in response to a request from the City of Yellowknife, the Review Board revised the deadlines for the current period of comment on the applicability of MVRMA s157.1. Groups wishing to submit their comments have until 4:00 pm, Friday May 19th, 2006, and the developer had until 4 pm Wed. May 24th, 2006 to respond.

Legal counsel for Miramar Con Mine Ltd. has requested a further extension of the developer's response period (see attached). A Review Board teleconference will occur on Friday May 26th, 2006. Accordingly, the **revised deadline for Miramar Con Mine Ltd. is extended to 3:00 pm on Thursday May 25th, 2006.**

Regards,

Alan Ehrlich
Senior Environmental Assessment Officer
