Hi Alistair,

Wayne will be looking at the TOR. FYI, for every EA our protocol is that we (E&C) establishes an internal working group with membership from District, Waters, E&C, Lands, Minerals or Petroleum Benefits (depending on the project), HQ, Aboriginal and Territorial Relations, any other affected directorates, plus advisory legal counsel as required. All of these people are provided with copies or notice of all the EA documentation and the opportunity to contribute to DIAND's comments. Wayne is our District rep for this EA - and he does seem to know the area well.

Cheers,  
Lorraine

Lionel,

just a minor request that you have Wayne Starling have a look at our draft Terms of Reference and provide his comments to you. he seemed to have a strong knowledge of the state of the biophysical environment in the area.

cheers,

Alistair MacDonald
