Doug Reeve
Selwyn Resources Ltd.
#701 – 475 Howe St.
Vancouver, BC
V6C 2B3

Mr. Reeve:

Please be advised that the Review Board has determined the Developer's Assessment Report, submitted to the MVEIRB office Jun 27, 2008 to be in conformity with the final Terms of Reference for this environmental assessment.

The Review Board will now begin to prepare Information Requests (IRs) to clarify the developer's impact predictions or to provide additional information, as needed.

Party identification and status will be sought from all interested parties in the near future, and an official distribution list will be prepared. Information on the preparation of Information Requests (IRs) will also be distributed so that parties may begin to prepare IRs for the Review Board's consideration.

If you have any further questions, please do not hesitate to contact me at (867) 766-7066 or by email at ttestart@mveirb.nt.ca.

Sincerely,

(Original signed by)

Tawanis Testart
Environmental Assessment Officer
