

Dear Chief Nitah

Jan 8 2010

Hey chief I agree Not to put the power
lines because its our town and we don't
wanta ruin it because its beautiful we don't
wanta be like other towns. On Jan 15 im
going to the meeting.

Sincerely

Alayna Charlene

Doc

You have been your and your Council are failing to make
sure they don't put up the poverty line, keep everything
because when you're trying for poor a lot to refund
lots of people is very hard. If we let them help
the poorer line it might change the migration in
the carbox. By trying to prevent the damage to the world
and our own health and our own line, I
think it's very important to keep everything
the same but to keep the same, but to keep the same

Dear Chief

January 8, 2010

I don't agree to anything what you
people say because if you guys put that
POWER LINE in Fort Reliance it's going to mess up
the nature and the caribou will not go over
their and other animals won't go there
so please im trying to beg for you not to
put that power line in Fort Reliance because
that place is for caribou, going fishing and
rearing for their in the summer, winter
and fall so don't even think of putting
that POWER LINE in that peaceful place!

Sincerely

Gamm Boucher

Dear Chief Nitah

What are you thinking

putting up power line, the mines

are going to be there for 20 years

chopping down trees they take

long to grow, your IDAMAGEI

over land you are the one it

Killing caribou its going less & less.

YOU LAND KILLER

Sincerely

Kathleen Headland

Dear Chief Stavernton
Lucas Kie N.T
XOE/AO

Our class were talking about the power line to the mines. Can you do something about it like stop what they are doing to the line. What if the power line damage the land and the water that the line has to go over the river and other important thing.

In the other hand I can be good in a way because I can look at the good and bad they see. If we give them the yes the mines can use what we have and yes if we do that we can get all the good oils and gas that we can save.

I hope you can change the right thing for me and the environment.

Sincerely

Lucas Kie

Dear Chief Steven Mith

of our land we try to keep it clean
not to disturb it with power lines and
full we don't want to make a Pollution
to our land we all want electricity to
our town like a Hydro plant but it
Might Make the river dry.

Sincerely,
Sweetgrass

The project or have things you guys have
I think it'll cost more money than Aga
It's a good idea to get more power

Sincerely V. A. Whelan Ball
