

## Note to File

---

August 10<sup>th</sup>, 2010

It has come to the Review Board's attention that there is an error in the coordinates used to describe the location of the mouth of the Lockhart River, in footnote 1 on page 98 of the *Report of Environmental Assessment*.

The correct coordinates are 108°56'25"W with the river mouth spanning from 62°47'12" to 62°47'18" N.

Alan Ehrlich  
Senior Environmental Assessment Officer  
Mackenzie Valley Environmental Impact Review Board
