To Distribution List for Deze Energy- Taltson Expansion Project-
- EA 0708-007

Re: Conformity Check of Developers Assessment Report

Please be advised that the Review Board has determined the Developer's Assessment Report, submitted to the Review Board office March 2, 2009 to be in conformity with the final Terms of Reference for this environmental assessment.

The Review Board will now begin to prepare Information Requests (IRs) to clarify the developer's impact predictions or to provide additional information, as needed.

Party identification and status will be sought from all interested parties in the near future. Information on the preparation of Information Requests (IRs) will also be distributed so that parties may begin to prepare IRs for the Review Board's consideration.

To view the document, you can contact the Review Board office at (867) 766-7050 to arrange for a hard copy. Alternatively, you can download the file from our FTP site at <ftp://199.247.52.13/Taltson>.

If you have any further questions, please do not hesitate to contact Tawanis Testart at (867) 766-7066 or by email at ttestart@reviewboard.ca.

Sincerely,

Nicole Spencer
Environmental Assessment Assistant
