

## Pre-hearing Conference – December 15, 2009

### Meeting Notes

The Mackenzie Valley Review Board staff held a pre-hearing teleconference on December 15, 2009, at 9:30 pm in the Scotia Building Boardroom in Yellowknife, NT. This meeting was in anticipation of the up-coming public hearing scheduled for January 14 and 15, 2010 in Dettah, NT. The purpose of this session was to provide an opportunity for all parties concerned with the Taltson Hydroelectric Expansion Project to get involved in the planning of the upcoming hearing and to put forth any final issues or concerns related to that environmental assessment.

The community hearing will be an opportunity for all interested parties and concerned community members to present any outstanding issues directly to the Review Board. The Review Board will consider all evidence in their decision regarding the Taltson Hydroelectric Expansion Project environmental assessment.

In attendance at the pre-hearing teleconference was the following:

Martin Haefele – Environmental Assessment Manager

Tawanis Testart- Project Lead

Nicole Spencer-Review Board

Paul Mercredi- Review Board

#### Review of the Rules of Procedure and Public Hearing Process

Tawanis Testart gave a brief review of the Rules of Procedure, which can be found online at the Review Board website here: [http://reviewboard.ca/reference\\_lib/index.php?section=7](http://reviewboard.ca/reference_lib/index.php?section=7). In addition, there was a review of hearing process and procedure, and a reminder to parties that there is limited time available in the hearing and parties must adhere to their time limits. These limits will be assigned to parties through a draft agenda that will be circulated later.

#### Presentation of Topics at the Public Hearing

Topics of discussion in up-coming presentations by the parties are as follows:

#### LKDFN

- Cultural impacts-Lady of the Falls
- Alternative routing
- Wildlife-caribou
- Size of project, protection of land-Park
- Will have elders

Time requested: 1 hour

#### DKFN

- No outstanding issues but will speak to show support for project

Time requested: 1 hour, but amended later in the meeting to 30 min

- Monitoring

Time requested: 30 minutes

## Carter Family

- Impacts to fish species
- Socio-economic effects to business
- Increased access concerns
- Increased tourism

Time requested: 1 hour

**Note:** During discussions, Tracey Williams asked INAC to confirm the status of the land tenure of the withdrawals made in the 1970s. Lorraine Seale indicated that she would relay the question to INAC's land administration staff and provide an answer after the Pre-Hearing Conference.

An agenda will be sent out to the distribution list in the coming days in order for parties to prepare for the January public hearing. Time requirements for each presentation will be confirmed in that agenda. Please remember that presentations are due at the Review Board on or before January 7, 2010.
