Richard Edjericon
Chairman, Mackenzie Valley Environmental Impact Review Board
200 Scotia Centre
Box 938, 5102-50th Ave
Yellowknife, NT X1A 2N7

Dear Mr. Edjericon,

I am writing to express my deep concern about the apparent inadequacy of the proposed protection of the water quality of Back Bay in the Giant Mine remediation proposal. I am not convinced that the amount of arsenic being discharged into the bay will not have an adverse effect on the ecosystem of Back Bay, and am concerned about the thinning of the ice adjacent to the diffuser.

I strongly believe that the project should not go ahead until the concerns regarding the discharge of arsenic through "diffusion" into the bay are addressed.

Yours truly,

Bob Wilson
