Dear: Mr. Edjericon,

**Re: Giant Mine Remediation Project (EA0809-001) – Technical Sessions**

The Giant Mine Remediation Project Team (Project Team) will be prepared to proceed with the Technical Sessions for the Giant Mine Remediation Project, EA0809-001, the week of October 17<sup>th</sup>, 2011. The Project Team respectfully requests that the Technical Sessions be held over 3-4 days and be organized by the following themes:

- Underground/Freeze theme's;
- Water theme's;
- Surface Remediation theme's;
- Failure Modes Analysis; and,
- Monitoring.

We believe this would allow all parties to the environmental assessment to structure their participation and resources for the Technical Sessions.

Should you require any additional information or have any questions please contact the Giant Mine Remediation Project Office at (867) 669-2425.

Respectfully,

Adrian Paradis  
A/Manager
