Subject re: Possible Illegal Land and Water Use Operation at Giant Mine
Darnell McCurdy

A/Director, Field Operations

Department of Indian Affairs and Northern Development

140 Bristol Avenue, Yellowknife NT X1A 3T2

Please consider this a request to investigate a land use operation that is taking at the Giant Mine site by Caliber Drilling that does not appear to have either a land use permit or a water licence. Apparently this operation has been ongoing since earlier this summer and no inspection or enforcement action appears to have been taken.

Please advise what the status of this operation is and whether it has been properly permitted and inspected. I look forward to your reply.
