

Mackenzie Valley
Review Board

Note to file

EA 0809-002

Canadian Zinc Corporation, Prairie Creek Mine

March 30, 2010

Re: Developer's Assessment Report

The Mackenzie Valley Review Board is in receipt of the Developer's Assessment Report (DAR) for the environmental assessment of the proposed Prairie Creek Mine as submitted by Canadian Zinc Corporation.

Due to the large file sizes, the four volumes of the DAR have been placed on the Review Board file transfer protocol site on the internet at: <ftp://199.247.52.13/>.

As described in the June 26, 2009 *Work Plan for the Environmental Assessment of Canadian Zinc Corporation's Prairie Creek Mine EA 0809-002*, the Review Board will conduct a conformity check of the DAR. The purpose of the conformity check is to ensure that the developer has addressed the requirements identified in *Terms of Reference* for this environmental assessment.

The DAR is being made available initially in digital form so that parties have the maximum amount of time to view the material. Parties will be notified when hard copy and cd versions of the DAR are available for distribution.

After completing the conformity check, the Review Board will provide instructions to interested parties on the next steps in the environmental assessment for the Prairie Creek Mine and issue an updated *Work Plan*.

If you have any questions or comments, please contact me by email or phone.

Regards,

Chuck Hubert

Environmental Assessment Officer
