### **Re: Responses to Second Round Information Requests**

Canadian Zinc Corporation has submitted a document entitled Prairie Creek Mine Responses to Second Round of Information Requests along with a series of appendices.

Due to the large file sizes, the documents are located on our file transfer protocol site. The main document and appendices can be viewed and downloaded from <ftp://199.247.52.13/> within the Prairie Creek Mine directory, IR2 Responses sub-directory.

A limited number of hard copies and cds will be made available at the Review Board office in the coming days. Parties will be notified when this material is available for pick-up and advised on next steps in this environmental assessment.

If you have any questions please contact me by phone or email.

Regards,
