**Re: Request for Extension for party IRs.**

There have been several requests both in writing and verbally to extend the due date for party IRs. This is a note to file informing the parties to EA 0809-003 Yellowknife Gold Project that requests for extension for party IRs will not be addressed by the board until it meets next week, June 12-14, 2012. The deadline for IRs therefore remains June 8, 2012.

All formal requests will be posted to the public registry as soon as they are received by staff at the Review Board.
