Note to file

EA 0809-004
NICO Project, Fortune Minerals Limited

To parties:

Re: Second round of focused information requests

As described in the Review Board's letter of March 14, parties are reminded that focused information requests are due on April 20.

The focus of second round information requests is on issues arising from incorporation of the reverse osmosis water treatment system, closure water quality concerns and impacts of the project on caribou.

Please send your focused information requests to the Review Board with a copy to Fortune Minerals (rschryer@fortuneminerals.com) by **April 20, 2012**.

Sincerely,

(original signed by)
