Avalon Rare Metals Inc., Thor Lake Rare Earth Element Project

Re: Post hearing submission deadlines

A reminder of post hearing submission deadlines:

- March 12 - undertakings from hearing due
- March 19 - Written closing arguments/statements from parties
- March 21 - Written closing arguments/statements from Avalon
- March 21 - closure of public registry

Undertakings from the public hearing are due March 12:

1. Transport Canada to indicate how many prosecutions have taken place for spills occurring on Great Slave Lake and provide a list of incidents involving barge damage and sinking.
2. AANDC to contact NRCan and secure any REE water-related information emerging from the Canmet mining initiative.
3. Avalon to provide an updated commitment table including commitments made during the public hearings.

If you have any questions please feel to contact,
