Mackenzie Valley Environmental Impact Review Board
Hand Delivered

RE: EA1011-002 TNR Gold Corporation proposed Moose project.

Take Notice,

Lutsel K'e Dene First Nation formally requests that the MVEIRB utilize section 123.1(b) under the Mackenzie Valley Resource Management Act to undertake independent evaluation if consultation has occurred, and when found incomplete, allow the Crown to undertake their duty to restore their honour regarding the entire process surrounding TNR Gold Corporation's proposed Moose project.

As you are well aware this unprecedented and grotesquely inadequate environmental assessment process has ensured that the Lutsel K'e Dene First Nation has not been able to meaningfully express in written form our concerns fully regarding this proposed project. Further, the scheduled time constraints for the information session and upcoming public hearing has ensured that we will also not be able to express our concerns by oral presentation either.

The concerns of the Lutsel K'e Dene First Nation include, but are not limited to: Cumulative Impacts, Heritage Resources, Harvesting, Hunting, Fishing, Trapping, Water and the ongoing Assessment and Remediation of the former DeSteffany Exploration and Exploitation including Compensation due to our Members who have suffered unnecessarily great loss.

We look forward to receiving your notification that EA1011-002 has been adjourned to undertake independent evaluation if consultation has occurred.
