Re: Opportunity to Comment on Request for Ruling

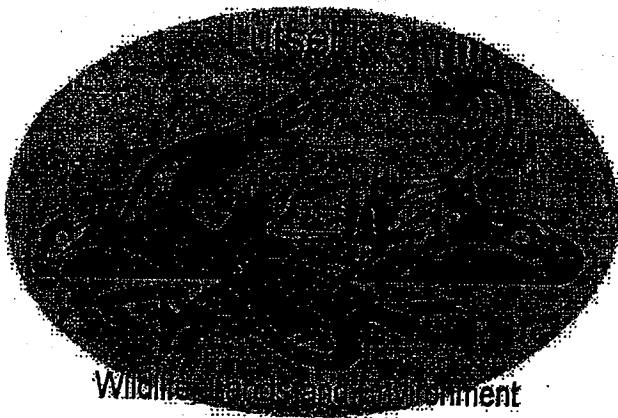

The Lutsel K'e Dene First Nation (LKDFN) supports the Yellowknife Dene First Nation's (YKDFN) and the ruling request to reject Alex Debogorski's diamond exploration project without an environmental review.

The LKDFN would also like to review the six previous Environmental Assessments (EAs) for this area so we could have a better understanding of former development in the Drybones Bay area. This information is important because the purposed area has deep meaning for the local Aboriginal population and this fact would most likely be addressed in those six EA's.
