Re: IR #2 Response – Notification of confidential documents

Background

On August 4th the GNWT provided a response to IR#2 which including the following confidential reports:

- NWT Permit 2003-927. Preliminary Archaeological Inventory and Assessment of Mineral Exploration and Aggregate Extraction in the Vicinity of Drybones Bay and Wool Bay, Great Slave Lake, Northwest Territories
- NWT Permit 2004-955. Archaeological Investigations, Great Slave Lake, Northwest Territories

The PWNHC also provide a map showing the locations of recorded archaeological sites in the Smitski #1 Claim.

Process to view confidential information

- Parties may make a request to the Review Board to view the confidential portions provided there are legitimate reasons to view it;
- Should viewing of the confidential portions be granted by the Review Board, no reproductions in any form will be permitted and the viewing will take place at the Review Board's office only; and
- Parties will have opportunity to provide comments about the evidence contained in the report to the Board.

A non-confidential summary has also been placed on the public registry for public access.
