**Debogorski, Diamond Exploration Project**

---

**Re: Information Request Response – June 22, 2011**

### **Background**

On May 27, 2011 the MVEIRB issued an information request to Alex Debogorski requesting a project description. On June 20, 2011 Alex Debogorski responded to the information request.

### **Additional information not posted**

In addition to the information that has been posted to the public registry, Alex Debogorski also submitted a wall-poster sized map entitled *Matonabee Point* that depicts land tenure information for the area surrounding his mineral claim south of Drybones Bay, as of May 19, 2011. Because of its size, the map cannot be posted on the public registry. Please be advised that parties can view this map during business hours at the MVEIRB office. Alex Debogorski has agreed to locate and provide an electronic version of this map. An electronic version will be posted when received.
