Re: Community Hearing to be held on Sept 14th and 15th 2011

After receiving notification of the dates set for the Community Hearings we realize they are very close in date to a prior commitment that Alex has made. He will be travelling out of country & every effort will be made for him to return the evening of Sept 13th. As you know delays can happen when travelling internationally the risk is there that due to travel delays he may not be present Sept 14th.

Thank you.

Yours truly

Louise Debayostki
