To: Distribution list for the environmental assessment of the Department of Transportation's Mackenzie Valley Highway Project.

Re: Issuance of the Final Terms of Reference and interim draft Work Plan.

The Mackenzie Valley Environmental Impact Review Board has released the final Terms of Reference for the Mackenzie Valley Highway environmental assessment. The Terms of Reference specifies what information the developer must present in the Developer's Assessment Report (DAR).

The Review Board is also issuing an interim draft work plan in order to provide the developer and parties an understanding of the process steps for this environmental assessment and approximately how long each step will take. The Review Board is not seeking comments on the interim draft work plan at this time because the dates for each process step are dependent on when developer submits its DAR. When the developer does provide the DAR a draft work plan with specific dates for each process step will be issued for comments from parties.

For any questions related to this environmental assessment please contact, Simon Toogood.

Sincerely,

Simon Toogood
Environmental Assessment Officer
Mackenzie Valley Environmental Impact Review Board
