Re: Summary of adequacy review follow-up meeting between Review Board staff and Canadian Zinc

On May 28th, 2015 Review Board staff held a teleconference with Canadian Zinc (CZN) representatives Alan Taylor and David Harpley to discuss next steps following the issuance of the Review Board's adequacy review of the Prairie Creek all-season road project DAR.

CZN did not request any clarifications on materials presented in the adequacy review. CZN did, however, indicate that it would submit a letter to the Board regarding the adequacy review by mid-June.

The Review Board staff contact for the Prairie Creek all-season road project is:

Sachi De Souza
Environmental Assessment Officer
Mackenzie Valley Review Board
Tel: (867) 766-7054
