Re: Instructions on party status applications

This letter asks organizations and individuals with an interest in participating in the environmental assessment of the Prairie Creek All Season Road and Airstrip Project to apply to be granted party status by the Mackenzie Valley Review Board. The developer, Canadian Zinc Corporation is automatically a party.

Please note that if you are granted party status you are expected to participate in these proceedings. This may include generating and possibly responding to information requests and participating in hearings. For information on the roles and responsibilities of a party please refer to the Review Board's Rules of Procedure which can be found at:

http://www.reviewboard.ca/upload/ref_library/MVEIRB_RulesofProcedure_0505.pdf

It is important that the Request for Party Status clearly state why party status should be granted and outline any information or other assistance the party may provide to the Review Board during the proceeding.

Should you or your organization wish to be a party to these proceedings please fill in the Request for Party Status form at this link:
