**Subject:** Update on GNWT-DOT

Brett / Bakhtiyor,

Prior to Ryan leaving on vacation, he asked about the status of our correspondence with GNWT-DOT regarding consent to access their infrastructure. We had Aurora Geosciences Ltd (AGL), our mining consultants, take the lead on contacting DOT regarding this matter. So I just wanted to send an update.... Aurora met with the DOT yesterday (Thursday) morning. DOT has no concerns with Husky using the quarry or the access trail behind the sand yard (trail to the lake from the highway) for the first two proposed phases, and will submit a letter to AGL confirming this next week. If you wish to have a copy of what we receive, please let me know and I will forward it to you upon receipt.

Regards,  
Jenica

Dear Mr. Vivian:

**Access to DOT Gravel Pit at White Point Beach HUSKY Land Use Permit Requirement**

I am writing in response to your letter dated February 2, 2015.

The Department of Transportation does not have any concerns with your use of the quarry as stated and the understanding that Husky is responsible for maintaining the environmental stewardship for this access.

Please contact me if you have other inquiries regarding this quarry. I can be reached by calling (867) 920-3096 or through email at [Michael\\_Conway@gov.nt.ca](mailto:Michael_Conway@gov.nt.ca).

Sincerely,

Michael Conway  
Regional Superintendent
