Dear Mr. Toogood:

RE: Chedabucto Mineral Exploration Project – EA1415-02 (2015) – NSMA Intervention

North Slave Métis Alliance ("NSMA") would like to request an extension for the submission of Preliminary Traditional Knowledge Research for the White Beach Point/Chedabucto Lake Area ("TK Research"). Due to lack of internal capacity in NSMA and subsequent delay in funding agreement with Husky Oil Operations Ltd., the completion of the TK Research is now projected to be on Friday, June 19, 2015. The final report will be submitted to the Review Board at the earliest possible time.

NSMA appreciates understanding and cooperation from all the parties.

Sincerely,

A handwritten signature in black ink, appearing to read "Shin Shiga".
