To Intervenor

**Re: Chedabucto Project Environmental Assessment  
North Slave Metis Alliance late submission of its Preliminary TK Research**

The Review Board is providing notice that the NSMA has requested that it be allowed to submit its Preliminary Traditional Knowledge Research by June 19, 2015.

The Review Board asks intervenors and Husky with concerns with this late submission of evidence to submit those concerns in writing to the Review Board no later than June 16, 2015 at 5 pm MDT. The Review Board will assume that any intervenor that does not provide written concerns consents to the June 19 submission date.

The Review Board will consider the views of intervenors and the developer when it considers this matter.

Sincerely,

Simon Toogood
