**Re: Chedabucto Project Environmental Assessment
Intervenor Status Application**

Dear Ms. Rabesca

Thank you for your application for intervenor status received on June 1, 2015. The Review Board's May 8, 2015 request for intervenor status applications specified that the application deadline was May 19, 2015. The Review Board met on June 2, 2015 to consider your application, and decided to deny your request because the application was submitted after that deadline.

However, the Review Board understands that you are interested in this EA and encourages you, and any others who are interested, to present your views as a member of the public at the Behchoko community hearing and the Yellowknife public hearing. The Review Board will consider your views when making its decision on this EA.

The Review Board encourages you, and any other interested party, to familiarize yourself with the scope of this assessment before presenting your views at either of the hearings. The scope of the EA described in the *Scope of the Environmental Assessment* document ([PR#36](#)).

Sincerely,

[original signed]
