To Site Visit Participants:

Re: Diavik Mine site visit instructions

On July 5, 2019, the Review Board issued a [Notice of Proceeding](#) regarding an opportunity for parties to visit the Diavik Mine site. The site visit is optional and does not affect participation in the environmental assessment (EA) proceeding. In order to protect against any apprehension of bias, the Review Board requests that participants **do not engage the Board members in any discussion related to this EA or the EA process** during travel or on the site visit. Participants must not try to influence the Board or do anything that may look like trying to influence the Board.

The Review Board is also providing the following reminders to all site visit participants:

- Please meet at the **Air Tindi** hangar at the Yellowknife Airport at **7:15am on July 24th** for check-in. The flight will leave at 8am.
- Please wear long sleeves and long pants and dress for the weather.
- Please **wear or bring steel toed footwear**. If you do not have your own pair of steel toed footwear, and have not already done so, please contact Catherine Janz at admin@reviewboard.ca as soon as possible to make alternate arrangements. Note that open-toed footwear is not permitted on the flight.
- Diavik will provide all other required personal protective equipment and a site safety orientation upon arrival.
- Diavik will provide lunch and refreshments during the visit. Breakfast will not be provided at site, but there will be self-serve snacks available upon arrival and throughout the day.
- The return flight is expected to **leave Diavik at 5:15pm, arriving in Yellowknife at 6:30pm**.

If you have any questions, please contact Catherine Fairbairn at 867-766-7054 or cfairbairn@reviewboard.ca and Kate Mansfield at 867-766-7062 or kmansfield@reviewboard.ca.
