Note to file – Bertha Norwegian acting as special advisor to the Review Board

Depositing Processed Kimberlite into Pits and Underground, Diavik Diamond Mines Inc.

Board member Bertha Norwegian will be acting as a special advisor to the Review Board for the remainder of this environmental assessment (EA). As a special advisor, Ms. Norwegian will provide advice to the Board but will not participate in future Review Board decisions in this EA.

Ms. Norwegian was unable to listen in person to the full testimony provided during public hearings for this EA, and therefore cannot participate as a Board member during the decision-making phase. However, Ms. Norwegian has fully reviewed the documents on the public record and has participated in the Board's other decisions (for example: to order this EA, and to set and clarify its scope). Ms. Norwegian has been an important part of this EA process so far and the Board will benefit from her advice during the remainder of the EA.

This change does not affect the quorum of the Board.
