Hi,

Please be advised that after a review of written interventions submitted to the MVEIRB Public Registry for EA1819-01 from the Akaitcho Dene First Nation, the NWT Treaty 8 Tribal Corporation - Akaitcho IMA Office has decided to remove itself as an Intervenor in the public hearing phase of the environmental assessment in order to reduce duplication and redundancy in the process and to utilize our participant funding in a meaningful way to assist the Akaitcho Dene First Nations in their full participation in the final stages of EA1819-01.

NWT Treaty 8 Tribal Corporation - Akaitcho IMA Office will participate in and attend the public hearings and final stages for EA1819-01 not as an Intervenor.

Thank You,
