RE: EA1213-02 Mackenzie Valley Highway, Government of the Northwest Territories, Project Engagement - Pehdzéh Ki First Nation

On May 8, 2024, Pehdzéh Ki First Nation Chief Jamie Moses, along with Counsellors Fred Lennie, Nicole Hardisty and Jay Horesay, and the Sahtu Member of Legislative Assembly Danny McNeely visited the Mackenzie Valley Environmental Impact Review Board (Review Board) office, for an impromptu meet and greet with staff.

Staff discussed the Review Board's role and the Mackenzie Valley Highway Environmental Assessment process. Chief Moses expressed interest in having the Review Board staff speak to members about the EA process again in the future.

The primary contact on behalf of the Review Board for the Mackenzie Valley Highway project is Senior Environmental Assessment Advisor Catherine Fairbairn (867-766-7054, cfairbairn@reviewboard.ca).
